

## Stolen People On Stolen Land Part 2

Online Zoom Workshop Hosted by  
ETFO - Toronto OT Local's Racialized Members  
Committee

In part 2 of this 3 part series, participants will further explore the complexities of what it means to be *Stolen People On Stolen Land*.

Workshop facilitators will share stories and experiences that historic Black communities faced finding place and belonging in the stolen lands of Ontario, as well as implications for the contemporary realities of Black Canadians.

Making connections to Treaties and Government policies, discussions will also explore how historic and ongoing theft of Indigenous lands attempts to erase Indigenous rights and sovereignty.
