### Why vote for me?

- I have been an OT (mostly in LTOs) since 2017 - wide range of experiences
- I have lots of experience on volunteer boards, from university to a director of a non-profit
- I got involved because I felt disenfranchised by the union so my goal is to be accessible and work for the best interests of the membership
- I understand the trials and tribulations of being an OT, with lots of positive and negative experiences in the classroom
