

Vote for Jennifer Dietert

Hello, my name is Jennifer Dietert. I have taken a 17-year winding path in teaching and continue to journey on toward the pursuit of a permanent position where I want to be. I have been an occasional teacher with the TDSB for about 5 years. I have worked many years with different age groups in daycare. I worked at Mad Science and coached soccer classes for Little Kickers. I have taught as an occasional teacher in several Ontario school boards and overseas. I taught for several years on an isolated Northern Ontario reserve. Outside of school I enjoy spending time with my family, exercising, volunteer work, and being outdoors.

I am a hardworking, dedicated teacher who is passionate about education. I joined the ETFO OT Social Committee this year to try and help occasional teachers to connect with each other as our profession can sometimes feel isolating. I am interested in the executive position to learn more about the local executive and how I can support my colleagues in our very difficult profession. I believe in social justice and human rights, fairness, diversity and equality. I am not interested in pulling others down, I am here as an ally to my fellow OTs.

I hope you vote, and when you do, vote for Jennifer Dietert!
