JASON MARTORINO

RUNNING FOR VICE PRESIDENT

AND
EXECUTIVE MEMBER
ETFO TORONTO OCCASIONAL
TEACHERS

ABOUT ME I started as a contract teacher in the TDSB in 2011 before moving to occasional teaching in 2014 to pursue goals outside the classroom. Since then I've served in daily and LTO roles and seen a broad spectrum of inspiring and challenging scenarios throughout the TDSB. I served as Executive Member and chair of Professional Learning for our local in 2019/2020. In 2020, I returned to OISE to complete a Masters in Developmental Psychology with a focus on statistical methodology, and now that that's done, I would like to return to the executive to fight for better working conditions for OTs. I envision a future where daily OTs are more respected, with pay more commensurate with the LTO scale pay reflecting the dynamic work we do, and where OTs can afford health insurance without breaking the bank.

“

I hope to bring my unique brand of strong interpersonal and analytical skills to our executive team. Careful observation of political trends, media savvy communications and unified decisionmaking are important in a time when our province and employer would see us divided.
